About GWG Holdings, Inc.

GWG Holdings, Inc. (NASDAQ: [GWGH](#)) is a specialty finance company and leader in the life insurance secondary market. GWG, through its subsidiaries, purchases life insurance policies from seniors who no longer want, need or can afford their policies. Since 2006, GWG has purchased more than \$1.7 billion in life insurance policy benefits and paid seniors over \$283 million for their policies – approximately \$266 million more than the surrender or lapse value offered by insurance carriers. GWG's strategy is to originate and manage a diverse portfolio of life insurance policies that generate yields that exceed the costs to finance the policies (in aggregate). GWG finances the purchase and maintenance of a portfolio of policies primarily through a fixed income alternative investment product that is offered through independent broker-dealers and registered investment advisors nationwide. GWG's goal is to generate financial returns for GWG's investors and shareholders while providing valuable post-retirement financial solutions to seniors.
